About Scarborough

Scarborough campsite is located on the North Yorkshire coastline.

The site is partly flat with some sloping areas and generally open with the exception of the wooded areas around the perimeter.

The site offers a mixture of grass only, grass with electric and hardstanding with electric pitches.

Club Sites Access Statement

Scarborough

Mobile signal is reasonable for most networks. There is a payphone on site.

Television signal is good.

Your Arrival on Site

The earliest arrival time on site is strictly 1pm. Anyone arriving before this time will be asked to leave and return later to avoid congestion occurring on the approach road to site.

Approach surface is tarmac. Site is signed with brown tourist signs with the large Club branded sign at the entrance.

Arrival surface is slightly sloping tarmac, with a stop sign and painted lines to show the arrival parking areas. There are short wooden barriers with walkways through around the arrivals area perimeter.

There is an automatic barrier (with keypad number code). When the barriers are locked there is a small 10 car carpark just outside the barriers with pedestrian access. Preference is given to campers with second cars before visitor parking. No further visitor parking is available on site.

There is no designated accessible parking.

There is a bus stop 20 metres from site with busses to Scarborough.

There is a railway station at Scarborough, 3 miles from site.

Your Check In

The reception block is the building near to the barrier, in front of the car park. Wherever possible, staff will meet campers in the car park to facilitate a speedy check-in process. There are occasions when campers need access to the reception area to discuss bookings, information gathering and use the shop facility.

Access to reception is very slightly sloping.

There is a small threshold into reception. There is a wide doorway with a shallow ridge at the bottom and the door opens inwards. The floor space is free from clutter and there is turning room for wheelchairs.

For the reception opening times, please see times outside of reception as times may differ depending on season.

When reception is unattended, staff may be working on site so see signs outside of reception. The latest assisted pitching is 8pm. Campers may self-pitch after this time up until 11pm -

Club Sites Access Statement

Scarborough

instructions for this are communicated via a morning phone call or throughout the day of arrival.

Staff are not on duty after 8pm but an emergency telephone number is provided for blue light emergencies after this time. This phone number can be found printed on your site welcome leaflet.

Your Pitch

Hardstanding with electricity pitches are available close to the facility block, including accessible facilities.

The hardstanding pitches are grass matting which can be problematic in adverse weather conditions.

Most grass pitches are sloping to some degree where chocks are required. All grass pitches suffer badly in wet weather conditions therefore motorhomes are restricted to suitable pitches at the time of arrival.

Campers can park on their pitch or at the left-hand side grass, within the fire break, weather permitting. There is a limit of 1 car per pitch. Additional vehicles can park in the visitor parking, space permitting.

Travelling Around Site

All site roads are tarmac or gravel. There is a speed limit around the site of 5mph and there are a small number of speed bumps. A one-way system is in operation, and this is clearly signed. When driving on the grassy areas care must be taken as the grass can be soft when repeatedly driven upon.

The majority of the footpaths throughout the site are paved. There are no handrails on any footpaths.

There is some lighting provided by streetlights around the site. A torch is recommended when walking around the site at night.

There are rabbit holes and extensive mole hills in the grass areas throughout the site. There are many raised tree roots in the wooded areas.

The Facility Block

Block 1

Club Sites Access Statement

Scarborough

There is an outdoor play area. This is situated towards the back of the site with mainly level, occasionally sloping access over the grass. Play area surface is play wet pour rubber and is surrounded by grass. There is a triple swing, a slide, a climbing frame. There is a slight raised edge surrounding the area.

Waste, Water, Fire and Evacuation

There is flat, level access leading to the refuse area, which is situated to the side of the main facility block. The path is tarmac. There are no handrails.

The waste containers are 1.5 metres high with large lids.

Club Sites Access Statement

Scarborough

There is flat, level access to all water taps.

There is flat, level access to all waste points.

The site does have a CDP. There is flat level access which is situated in the facility block number 2. There is then a step up of 15 cm to the door to the CDP that opens inwards. There is another CDP situated in block 1 with level access with no step. There is a small basin, soap dispenser and hand dryer in both of the CDP areas.

There are fire triangles on site. There is unrestricted access to the firefighting equipment.

Fire assembly points are in the car park and next to the play area and are marked on the site welcome leaflet.

Although we have tried to be as accurate as possible and include as much detail as we can in this statement, we are always happy to give additional information on any of our Club Sites if this statement does not answer your questions. We encourage and welcome feedback so if you have any comments please don't hesitate to get in touch.

"We had a wonderful time, staff were really friendly, easy access, on-site Wi-Fi, great clean facilities with hot showers. Would stay here again and recommend to family and friends."

"The site was clean, well run and the staff are friendly and very willing to help when needed. There's a pub with good food next door and you're just a short distance from Scarborough."

"Scarborough site is in a very good location with easy drives to most other places in East Yorkshire for exploring. Staff were very friendly and helpful, and the onsite facilities were good."
